# *President's Message*

Thank You to the Route 66 Corvette Club Members

As the year draws to a close and the warmth of Thanksgiving lingers in our hearts, I want to take a moment to thank each and every member of the Route 66 Corvette Club. Your participation and friendship have made every cruise event and lunch memorable, filling our calendar with laughter, adventure, and camaraderie.

This Thanksgiving, I hope you all enjoyed special moments with your families and friends, cherishing the bonds that mean the most. Our club is built on these same values—coming together, sharing good times, and supporting one another as we make memories on the fun times, we all share on the open road.

Looking ahead to Saturday, our annual Christmas Party promises to be a joyous event, a chance to reflect on the fun and friendships we have cultivated throughout the season. It's more than just a celebration; it's a testament to the spirit of our club and the wonderful people who make it so special.

The Route 66 Corvette Club exists for your enjoyment, fun, and socialization. Whether we're cruising down historic highways or gathering for a simple lunch, it's the connections we form that truly define us. I hope you continue to find joy in this organization, embrace the opportunities to participate, and help us build a club that others envy and aspire to join.

Thank you again for your enthusiasm, kindness, and friendship. Here's to more adventures, more laughter, and another year filled with the spirit of Route 66 and the unmistakable energy of our Corvette family.

Happy Holidays to you and yours!  
David Hecht

## MARINE CORPS RESERVE

### 2026 Route 66 CC \_ Toys For Tots Event

Once again, our club has collected and donated well over 100 toys to the Marine Corps Toys For Tots campaign.

This was accomplished thanks to the efforts of our partner, Poage Chevrolet and the generosity of the members of our club.

A special Thank You to Mike Force and other members for pulling all of this together.

### **Celebrate 25: Mike Spathelf**

\$401.25 dollars was awarded to Dawn Stilwell at the Christmas party from the Celebrate 25 Quarters Drawing. Congratulations Dawn! Thanks to all for helping celebrate the club's 25<sup>th</sup> anniversary.

We have the 100<sup>th</sup> anniversary of Route 66 to look foreword to next year!

Shirt Kong is the place to get your embroidered 25<sup>th</sup> anniversary shirts. Bring your own shirt or buy one from them. Their prices for shirts are very good. See info in Road Notes and on the Rt66CC website.

### **2026 Route 66 Car Show: Robert Gamblin**

The car show will be held in May 2026. Mark your calendars now! The flyer is on the next page in Road Notes and online – send a copy to your Corvette friends.

A flyer showing this year's raffle prize is also in this issue. Tickets for the raffle will be distributed to members in January.

More committee members are needed and welcome to help with this event that raises money for the USO of Missouri and other local veterans' charities. Please join us for these meetings.

Reach out to Robert with any questions or if you want to help work the show.

### Notes from NCM Insurance Zoom Meeting:

Bill Mulder, a Rt66CC club member and NCRS representative, held an NCRS meeting on November 18<sup>th</sup> featuring Adam Boca of the National Corvette Museum insurance program. <https://ncminsurace.com/>

Adam spoke about the insurance policies offered through the National Corvette Museum.

Rt66CC members were invited to attend in person at the Sports Café in Bridgeton or join by Zoom. Mr. Boca presented his program from Bowling Green via Zoom.

Below is some of what I learned from the meeting.

- Normal car insurance will not cover when your tires enter a race track. Must purchase a stand alone coverage for the event. Even if you are not racing and are at slow speed.
- Stated coverage is different than Agreed Coverage. Stated will pay up to the policy value. Agreed Coverage is what you get for a total loss less any deductible. If you have a \$100K Stated Coverage and your car is totaled, the insurer could pay \$80K if they believe the car is only worth \$80K.
- The NCM Insurance Agency receives 1,800 calls a week. 16 people work at the NCM agency.
- Stated Mileage: Mileage rolls over to the following years. This is an extra benefit with NCM that others normally don't offer.
- You can buy an under-restoration policy. Driving issues don't occur but property is important to be covered.
- They can ensure multiple cars thru a single policy. Gotta check this out!!!
- Car club discounts can be applied.
- AARP accident prevention courses can earn a discount.
- Air Tags in your cars can save \$\$\$\$. Leave one easy to find. Hide the other.
- Standard insurance will apply to rental cars. Your normal car policy extends to the rental. Collector car policy will not extend to a rental.
- Insurance will pay a relocation fee for covered cars. They pay to move the car from storm areas to safe areas. And will reach out post-storm to see all is OK.
- Trailering question: Liability lays on car hauling the trailer.
- Umbrella Policies: You can apply online. You have to answer 10 questions. Home, auto, properties, collector car, can be covered. Can extend to multiple company policies. Umbrella policy can be bought even if no other policy is bought through NCM. Most people should have at least a \$1M umbrella policy as the standard \$250/\$500 policy does not pay much now days with high medical costs. The first million is about \$500 and the second million is about \$400 per year.
- Tony Stein, Lawyer, talked about under and uninsured motorist coverage. \$25K/\$50K is minimum in MO. You probably really want to have more than that. If the person who hits you only has \$25K of insurance, you will recover little to nothing for your injuries. Check with your agent.
- Be sure your insurance is with a company that adjusts incidents well to be sure that you get what you need to fix you and your car.
- Coverage is the same even if you are on a battery tender.
- There are fireproof bags for battery tenders. Useful for older tenders as the tenders have caused a lot of fires.
- This meeting was recorded. I'll try to get a link.
- Coverage is good for parades. Road Run and cruises. Your collector car must not be the primary.
- Don't remove car coverage when it is stored. Home coverage will not cover your stored car.
- Garage safety:
  - Suggest **not** using the cigarette lighter style battery tender. They get hot.
  - Replace your glass incandescent bulb in a trouble light - the filament can start a fire if the bulb breaks. [TOC](#)

Everyone loves a great car story, right? Car histories are fun to learn, even if they are movie cars. I love the car in **Chitty Chitty Bang Bang**. How about you? How they named the car was epic, or really simple, depending on your viewpoint.

## Member's Story:

Here's a good story about our club members, Jim and Catherine, from Hempstead, TX, selling two Corvettes to our Sponsor, Poage Chevrolet, with the help of our friend Randy at Poage.

A lot happened between our club member Jim Gibson and Randy at Poage Chevrolet. A few days ago, Jim called me to say he had two Corvettes he wanted to sell. They were a 1962 C1 convertible with a hardtop, Roman Red, and a 2019 Z06 convertible, 7-speed, with about 7,200 miles, plus an extended warranty with three years left. I believe the Z06 is gray.

I suggested a couple of ways to sell his cars. One option was to contact Randy at Poage Chevrolet and let him know what you have. Knowing Randy, I told Jim I believe he would help out. Randy has done this several times before. So Jim contacted Randy, they agreed on a deal, and I think Jim's cars will be shipped to Poage very soon.

Jim and Catherine, I'm glad everything worked out for you. I knew it would. Also, thanks to Randy from Poage.

Jim and Catherine are selling their cars because they are moving from a farm to a much smaller place. They currently live in Hempstead, TX.
