President's Message

August Adventures

Dear Route 66 Corvette Club Members,

August is shaping up to be an exciting month for our club, and I am looking forward to seeing everyone out on the road and enjoying time together with our beautiful Corvettes.

We have several great adventures coming up, beginning with our visit to MK Ranch on August 15. This will be a wonderful opportunity to spend time together, enjoy the scenery, and make more memories with fellow club members.

Later in the month, from August 20–22, we will have the chance to experience the National Corvette Museum, including the E-Ray museum delivery experience with Dennis Canada, Mike Koene, and Ray Shea. Also, many of those attending have already signed up for plant tours, this should be a fun adventure. It promises to be a memorable trip for all Corvette enthusiasts and a great way to celebrate the history, innovation, and excitement we all enjoy with these club events.

We will close out the month with our annual club picnic on August 29 at Broemmelsiek Park. This is always a great time to relax, visit with friends, and share good food. The sign-up sheet is already out, so please take advantage of this opportunity to enjoy everyone during this time.

There is still plenty of time and many plans for more trips ahead for the remainder of this year. Please come out, join in on the fun, and enjoy those lovely cars with your fellow Route 66 Corvette Club members.

Looking forward to seeing you at our August adventures!

Sincerely,
David Hecht

President's Opening Remarks: David Hecht

Welcome and thank you for coming to our membership meeting this evening.

We will open the meeting tonight with the presentation of checks to a one of our charities for this year.

Officer's Reports: (cont.)

Charity Committee: Howard Sardis / Chairman

Howard introduced Deshauna Barber-Echols, an executive of the Veterans Community Project, one of our charities. The organization is building villages of tiny homes in north St. Louis City on Grand Blvd. Sort of a "Habitat for Humanity" for veterans. In addition to helping house needy veterans, they can pay utility bills for folks that were delinquent.

Pets are allowed in these homes to help vets deal with PTSD. VCP has built 20 homes in the last 1.5 years. 16 homes are being built now that will be enclosed before snow this year.

We presented a \$1250 check for the donation from Car Show profits.

Letters thanking us for our donations have been received from Focus Marines and Habitat for Humanity. They are shown on the next pages.

Corrections & Approvals of Last Month's Minutes:

No changes were needed. Mike Hicks made a motion to accept the minutes as submitted. That motion was seconded by Patti Hall. A Yay/Nay vote was held. The motion passed.

Dear Route 66 Corvette Club,

Habitat for Humanity of St. Charles County knows that every home we build is grounded in love and community. We strive to live out our mission of putting God's love into action by uniting people to build homes, communities, and a future full of possibility. Your generosity helps make this vision a reality, and we are truly grateful to have you on this journey with us.

Through your donation of \$1,250.00 received on July 8, 2026, you are playing an integral role in our mission to provide safe, affordable housing. Your compassion and belief in our mission truly make a difference. Because of you, we are closer to a world where every family has a safe, stable place to build their lives and create lasting memories. For 29 years, we have had the honor of partnering with 104 families through hand up homeownership! Your generosity does more than support construction; it helps lay the foundation for stability, opportunity, and dignity for our partner families.

To learn more about how your donation is transforming lives or to get more involved with our work, we invite you to visit habitatstcharles.org, follow us on Facebook, or reach out to us directly at 636-978-5712.

Habitat for Humanity of St. Charles County is an exempt organization as described in Section 501(c)(3) of the Internal Revenue Code; EIN # 43-1798488.

Reports from Committees: Paul Kaus

Sponsorship Report: Poage Chevrolet, Randy Wells (Paul Kaus)

No rep was here tonight – selling cars is going well for them. They sold a couple of Vettes this week.

Poage still has a White GS on allocation for about \$105K.

They sold a silver convertible today. Tell them what car you want, and they will find it for you.

Poage has Vettes in stock – go there to look at them or check out this link:

Check their website for cars for sale and to make reservations for service.

Board of Directors Meeting: Paul Kaus

We held a Board of Directors Meeting on July 21, 2026. One of the topics for discussion was discounted dues:

- Pay your renewal dues with Check or Cash before or at the Sept 3, 2026 meeting and get an Early Bird Special price of \$40 for single members, and \$70 for couples.
- Checks can be mailed to Rich Weinhold, the Treasurer, but must be posted before Aug 28 to ensure arrival before Sept 3. Do not mail cash. Cash should be handed to the Treasurer in person.
- After our September meeting the dues go back to \$50 for singles, and \$85 for couples, and members can use Square if desired. ((The renewal of dues is available now on the club website using Square now, with no discount.))

Mike Bratton made a motion to accept this renewal plan. That motion was seconded by Don Lorimier. A Yay/Nay vote was held. The motion passed.

Since this id for just one year we think that we do not need to change the club documents. We do not know what we will do with membership dues next year.

Doug's Radiator Replacement:

Uhhh, somewhat clogged! I just had the radiator replaced due to leaking at the driver's side tank. But I had no expectation that the rad had gotten so covered in debris after only about 17,000 miles. I have never seen a radiator so covered. The mechanic suggested to spray our radiators out from the engine side, with a finger on the end of the hose. You can bet I will be doing this at least twice a year now! The mechanic thought that all of the seals that I have around the radiator might have contributed to the accumulation, but all of the C3 stories that I have seen say to seal around the radiator to make sure all air that can goes through it. Overall though, the engine only ran hot when idling for a long time.

Rt66CC Member's Story: A Hundred Years of Route 66

Beloved **Johnny Rabbitt** of KMOX led a fun, one-hour virtual tour of the Mother Road in and around St. Louis, featuring 66 specially selected sights and stories from along America's most famous highway.

Bob Lamb and Nancy Streib beat the heat on Tuesday July 21st to attend this presentation at the History Museum in Forest Park.

The Lee Auditorium opened at 10:30 a.m. for the Route 66 presentation by the well-known DJ, Johnny Rabbit.

To our surprise we were entertained by Clint Hasse on the guitar. He sang songs of travel and Route 66. A few included: Travellin' Man, Wichita Lineman, I've Been Everywhere and so many more.

Johnny Rabbit spoke for almost 45 minutes with a great "slideshow" of old photographs, post cards and artwork. It proved to be interesting to me as a lifelong St. Louisan and Bob a more recent resident of the St. Louis metro area.

Then Travis Dillon told stories of Ted Drewes Custard stand on Grand Ave and then on the famous Route 66 since the late 1940's. We were then treated to a frozen custard social.

What a nice day to walk down memory lane.
